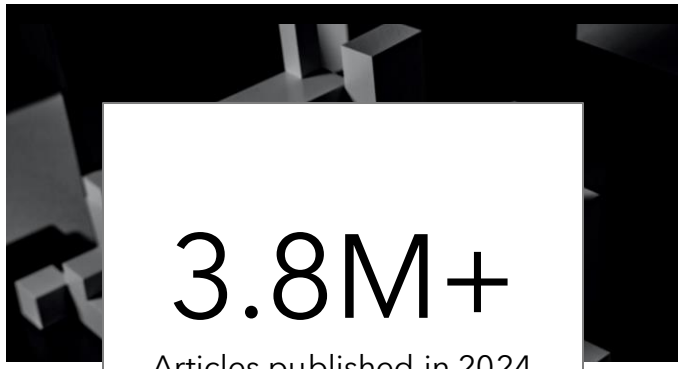
EndNote 2025

Research, simplified.

Date

The number of published papers grows each year.

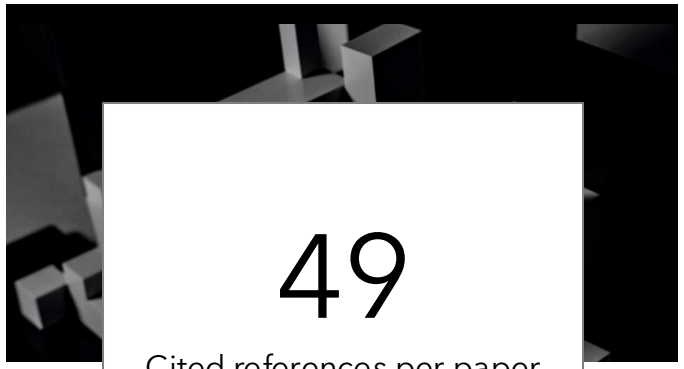
Sourcing, organizing, and formatting citations is time-consuming, tedious work, but crucial to publishing robust research.



3.8M+

Articles published in 2024

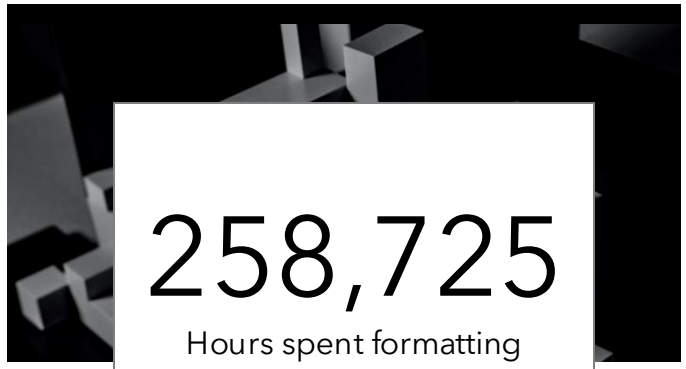
Articles published in 2024 in the Web of Science



49

Cited references per paper

Representing a 5% Growth in Total Citations from 2023-2024



258,725

Hours spent formatting references

Assuming 3.8M papers, 49 references each, and only 5 seconds per reference

Your research matters. Choose a reference manager that supports your ideas and goals.

Simplify the research process with EndNote

Your essential reference management solution.

Unmatched efficiency

Save time and stay organized throughout all stages of the research and writing process.

Reliable Standards

Write with confidence using built-in tools that support quality and accuracy.

Robust Support

Rely on a trusted reference management solution backed by 24/7 support.

© Clarivate 2025

Comprehensive reference management

Eliminate thousands of hours gathering references and formatting citations, freeing up valuable time so you can focus on what matters most.

Build better libraries

- Search hundreds of online resources for references.
- Find full text for references in one click.

Manage PDFs

- Automated PDF imports
- Custom PDF file names
- Read, review, annotate and search PDFs in your library.

Format references

- Up-to-date journal and referencing styles.
- Automatic reference and link updates.
- Retraction alert notifications.

Write faster

- Insert in-text citations.
- Auto-populate bibliographies.
- Integrated with Google Docs and Microsoft Word.

Stay Organized

- Custom reference tagging.
- Dynamic smart groups.
- Access references from your desktop, iOS, and EndNote Web.

Collaborate & Publish

- Share your library with view and edit permissions.
- Identify best-fit journals for publishing with Find A Journal.

The EndNote advantage

Take advantage of the features that make EndNote the leading solution for your work.

More Integrations

Gather more comprehensive and diverse information for your research. EndNote integrates with more databases and discovery services than other leading solutions. Access authoritative and trusted content from Web of Science, ProQuest platform, industry leading research seminars, PubMed, and more.

Data Protection

Easily undo mistakes and recover your library from the cloud. EndNote lets you restore your library and library structure with its data restoration function, ensuring your work is not lost. With single reference restoration you can also compare and restore previous versions of individual references.

Reliable Support

Get access to real support, when you need it most. EndNote is trusted by thousands of researchers and organizations worldwide, offering researchers 24/7 support, self-serve training portals, and a multilingual support team.

Why Choose EndNote 2025

© Clarivate 2024

EndNote AI

Secure AI for responsible use.

EndNote AI

EndNote 2025 leverages the Clarivate Academic AI platform. The new EndNote 2025 AI features are designed to save researchers valuable time, enhancing the research discovery process and helping them quickly digest key information from documents and papers.

EndNote 2025 AI development is committed to following our AI principles:

- Deliver trusted content and data, based on authoritative academic sources.
- Ensure security and accuracy by sourcing responses directly from PDF documents.
- Ensure proper attribution and easy access to cited works.
- Not using licensed content to train public LLMs.
- Adhere to evolving global regulations.

Clarivate Academic AI

The Academic AI platform serves as a technology backbone, enabling accelerated and consistent deployment of AI capabilities across our portfolio of solutions.

What makes our AI 'academic'?

- Embedded in academic workflows.
- Grounded in trusted, scholarly sources.
- Uses rigorous testing methodologies to ensure accuracy and integrity of answers.
- High data security and privacy standards.
- Developed in partnership with the academic community to ensure alignment with real-world needs.

Clarivate™

EndNote for students and research teams

Increase efficiency for research projects of any size and scope.

Save time and stay organized

Boost research productivity with tools that simplify the research process and help keep projects on track. Easily manage large libraries, directly export or import from hundreds of resources, and use customizable tags.

Maintain accuracy and compliance

Ensure your research outputs meet the highest industry standards with advanced citation and referencing tools, including automatic reference and link updates, retraction alerts, and up-to-date journal and referencing styles.

Collaborate more effectively

Researchers using EndNote can stay on the same page with up to 1,000 other users working from anywhere, share a library, and seamlessly manage input from large teams.

Full 24/7 product support and training

Live, multilingual, personalized training and support access to a self-serve training portal so your teams can get the most out of EndNote.

EndNote Reviews

Hear what makes EndNote the best reference management tool

Best version yet

"I thought the earlier versions of EndNote were excellent and I'm always amazed that the product gets better and better. They think of solutions faster than I can find problems. On top of that, on the rare occasions I've needed help, the support people were right on top of the issue."

-Valued customer

Better experience

"I did a very thorough comparison between EndNote, Zotero and Mendeley. EndNote came out tops…"

-Valued customer

Easy to use

"I have not discovered a better citation manager than EndNote. Desktop app and online account make it easy to synchronize libraries. Easy to Cite While You Write (CWYW), and easy to find compatible styles online."

-Valued customer
